

Ontario Toxics Reduction Act Public Report
College Woodwork, 2012

Information to be made available to public

The National Pollutant Release Inventory (NPRI) identification number for the facility:

0000007000

The legal and trade names of the owner and the operator of the facility, the street address of the facility and, if the mailing address of the facility is different from the street address, the mailing address:

College Woodwork
145 Clarence Biesenthal Drive
Oshawa, Ontario L1K 2H5

The number of full-time employee equivalents at the facility:

62

The two-and four-digit North American Industry Classification System (NAICS) codes and the six-digit NAICS Canada code for the facility:

NAICS 2 Code: 33 - Manufacturing

NAICS 4 Code: 3371 - Household and Institutional Furniture and Kitchen Cabinet Manufacturing

NAICS 6-digit Code: 337123 - Other wood household furniture manufacturing

If applicable, the name, position and telephone number of the person who is the contact at the facility for the public:

Mr. Doug Laing

Position: Purchasing

Phone: (905) 725-3566

Fax: (905) 725-2912

dougl@collegewoodwork.com

The spatial coordinates of the facility expressed in Universal Transverse Mercator (UTM) within a North American Datum 83 (NAD83) datum:

UTM Zone 17, NAD 83, 675104E, 4864228N

In respect of each person who is the Canadian parent company of the facility, if applicable. The legal name of the person, the street and mailing address, if different from the address mentioned in paragraph 4, if applicable, the company's percentage of ownership of the person responsible for ensuring a toxic substance reduction plan is prepared:

Kingsway College (100%)
1200 Leland Road
Oshawa, Ontario L1K 2H4

A statement of whether there has been a change in the method or combination of methods used to track and quantify the substance during the previous calendar year and, if there has been a change, a description of the change, the reason for the change and how the change will impact tracking and quantification of the substances:

Since this is the first Toxic Reduction Report, there has been no change in the method or combination of methods used to track and quantify the substance.

1. Toluene

The name and the Chemical Abstracts Service Registry number of the substance, if a number has been assigned:

Name: Toluene

Chemical Abstracts Service Registry number: 108-88-3

The name of all other toxic substances used or created at the facility for which plans are required to be prepared:

NA. No other Phase I Toxic Substances are used at the facility in quantities that require the preparation of a reduction plan.

On a facility-wide basis, the results of the determinations of the amount of the substance:

College Woodwork manufactures superior quality home furnishings including, but not limited, to desks, chairs, hutches, dressers, etc. Raw materials, which consist of solid woods and plywood's, are transported to the facility by truck where they undergo a number of processes including cutting, ripping, shaping, planing, sanding, staining, painting, sealing, gluing and final assembly prior to shipping from the facility.

The Toxic substance toluene is used in the facilities painting area which consists of one paint line comprised of three (3) manual paint spay booths, flash off areas, one sanding station and one natural gas fired bake off oven. This substance is contained within coatings purchased by the facility, used as reducers and/or catalysts and used as cleaning solvents.

In 2012, toluene was released on-site to air and transferred off-site for recycling by third parties

Toluene:

Toluene	2012 Reporting Year (tonnes)	2011 Reporting Year (tonnes)	Change (%)	Rationale For Change (>10%)
Use	> 10 to 100	> 10 to 100	27%	Change in production levels
Creation	0	0		n/a
Contained in product	0	0		n/a
Onsite release to air	> 10 to 100	> 10 to 100	27%	Change in production levels
Onsite release to water	0	0		n/a
Onsite release to land	0	0		n/a
Transformation	0	0		n/a
Offsite transfer for treatment/recycling	> 1 to 10	> 1 to 10	0%	Change in production levels
Destruction	0.0	0.00		n/a
Onsite/offsite disposal	0	0		n/a

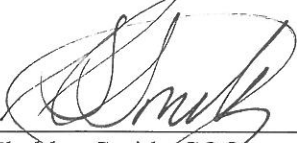

Notes:

¹ Information in the range specified by the MOE director.

This report is certified by the highest ranking employee at the facility who has management responsibilities relating to the facility.

Certification certified by the Highest Ranking Employee

As of December 28, 2013, I, Sheldon Smith, certify that I have read the reports on the toxic substance reduction plan for Toluene, and am familiar with its contents and to my knowledge the information contained in the reports is factually accurate and the reports comply with the Toxics Reduction Act, 2009 and Ontario Regulation 455/09 (General) made under the Act.

A handwritten signature in black ink, appearing to read 'Sheldon Smith', written over a horizontal line.
